PROFESSIONAL EXPERIENCE

Internships:

Curbd Parking Los Angeles, CA — *Software Engineer Intern* July 2019 – August 2019

- Developed backend methods and set up servers using **Django framework**
- Worked on iOS and Android app development using **Java** and **React Native**

Hyperloop Transport Technologies Culver City, CA — *Operations Associate* Feb 2017 – July 2019

- Designing new parts via CAD modeling that get 3D printed for prototyping.
- Work with various teams, remotely, to design webpages to showcase staff achievement and background, prototypes and design achievements.

Job/Work:

CougTech Pullman, WA — *Technical Engineering Assistant II* (12h/week) January 2019 - Present

- Evaluate computer system issues in Linux, Windows, and OSX environments
- Issues range from data backup/recovery to hardware analysis

Washington State University Pullman, WA — *Teachers Assistant* (3h/week) August 2018 - Present

- Leading and assisting students in the Intro to Engineering class (ENGR 120)
- Grade student reports on a weekly basis; Lead lab discussions
- Third semester as an acting Teachers Assistant for the course

PROJECTS

Building Hours/Info App – Mobile App Development Hackathon 2020

- Led a team that designed a mobile application for WSU
- When opened it would display buildings around campus; each building slot would change color depending on if that building was open or not
- Clicking on a building would show information such as tutoring services and study rooms
- Used **HTML5, CSS, React, Node.js, AEK (a library for React)**

Group Meet-Up App – Crimson Code Hackathon 2019

- Worked with a team to design a web app for WSU
- The user would interact with a map of their campus, to find events near them
- Used **HTML5, CSS, JavaScript, Python3, Flask(framework), SQLAlchemy** (for the database)

AWARDS / EXTRA-CURRICULAR

Facebook Dev Group Lead Feb 2020 - Present

- Organize and lead Facebook Technology related events (i.e. Hackathons)
- Coordinate with Facebook employees for budgeting operations and networking

KZUU 90.7FM – Radio Show August 2019 - Present

- I host a talk show at the school's radio station 90.7FM
- The show is a creative outlet where I can express my opinion on pressing topics within pop-culture, the music industry, and politics; as well as a chance to express my musical interests

Hillel – Washington State University's Jewish Student Organization
